

HET FUKKING LICHT - KUTPLANEET

RELEASE: APRIL 29 2010

FORMAT: CD-R / DOWNLOAD

Het Fukking Licht is a project of two multi-instrumentalists. They don't tell each other what instruments they will use for their next recording date or gig. They release their recordings as limited editions in quantities of prime numbers. *Het Fukking Licht* is Anglo-Dutch and means *The Fucking Light* as you might have guessed.

Kutplaneet is the debut album for Het Fukking Licht and it is a wild and raucous affair. In three long pieces these improvisers give us a fistful of their take on noise, drone, shamanistic ritualism and short-circuited electro-acoustics. While the surface of these recordings is weather-beaten and distorted, somewhere deep down there is a glowing core of primal passion. This is music in which the love for sound rules above all else. The album is available as a free mp3 download and on cd-r in a beautiful digipak (limited to 29 copies!!!).

With this release Narrominded gives more body to its catalogue of improvised music. The most prominent release in this vein so far is the third Split LP featuring works by Dutch pianist Cor Fuhler and Swedish saxophonist Mats Gustafsson. Later in 2010 more improv-based music will see the light of day through Narrominded, on releases by Gijs Borstlap and Kruno Jost and the Dutch drone/improve group Puin+Hoop.
